EDUCATION:

Daffodil International University (DIU)

B.Sc in Computer Science and Engineering

CGPA : 3.34 (Out of 4)

Dhaka, Bangladesh

Passing Year: 2020-2024

EXPERIENCE:

SoftLab IT

Mirpur DOHS, Dhaka-1216

Full Stack Web Developer Intern

July 2024 – Present

Built interactive web applications using MEAN stack (HTML, CSS, JavaScript, Angular, Node.js, MongoDB) at SoftLab IT Internship.

- Developed dynamic UIs and client-side logic with AngularJS, utilizing two-way data binding and MVC architecture.
- Integrated with Node.js for backend services and efficiently managed data using MongoDB.

CodeAlpha

Lucknow, UP (Remote)

Web Developer Intern

April 2024 – July 2024

Built interactive web applications using MERN stack (HTML, CSS, JavaScript, ReactJS, Node.js, MongoDB) at CodeAlpha Internship.

- Developed dynamic UI's and implemented client-side logic JavaScript.
- Utilized ReactJS for component-based development and Node.js for backend services. Managed data effectively using MongoDB NoSQL database.

PROJECTS:

BongoDeshi

- A web app platform for the Bangladeshi community. Where you have Deshi Shop, Deshi Service, Buy & Sell, Rental, Job, Blog, News and Forum.
- Leveraged the MEAN stack (front-end: Angular, back-end: Nest.js, MongoDB) to create a user-friendly and scalable application. Live server: bongodeshi.com/

React-eCom

- Built an E-commerce website to show products, wishlist them and buy from here.
- Leveraged the MERN stack (front-end: React, back-end: Nest.js, MongoDB) to create a user-friendly and scalable application. Live server: React-eCom/
